

Clay Springs Elementary is Leveling the Playing Field in Math Achievement using ST Math®

Clay Springs Elementary School is a part of Orange County Public School District, the fourth largest school district in Florida. Now ranked as one of the top performing schools in the district, you wouldn't have known that just two years ago, this high ELL school was in need of improving their Florida Statewide Assessment (FSA) math scores.

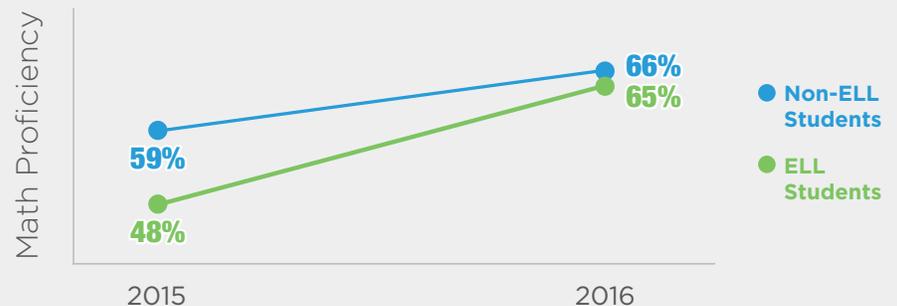

Demographic Breakdown

School Enrollment: 733
Hispanic: 46.5%
Caucasian: 35.7%
African American: 12.9%
Multiple: 3.4%
Asian: 0.8%
ELL: 21%
FRL: 71.8%

Grades using ST Math: K-5

Clay Springs Elementary FSA Results

To address the achievement gap, Clay Springs Elementary decided to implement the ST Math instructional program in 2015. ST Math's strong visual models and individualized, mastery-based learning paths remove language barriers and make math accessible to all students, regardless of skill level or demographic background. With strong implementation, Clay Springs saw tremendous gains in math achievement in the 2016/2017 school year.

As Clay Springs intentionally focuses on improving math instruction for all of its students by implementing programs like ST Math, it is quickly becoming one of the top schools in the North Orange County area.

Visit www.stmath.com to learn more about ST Math, a visual instructional program that builds deep conceptual understanding of math through rigorous learning and creative problem solving to engage, motivate and challenge PreK-8 students toward higher achievement.
